

Distance Camp: Bright Ideas

July 13 - 17, 2020

Tuesday

- 9:00am Welcome & Share
As campers arrive on the call and have the chance to share what they did the day before.
- 9:10am Introduction to Henry Ford
- 9:15am Lego Car Experiments
Campers create cars from Legos and test how far they go. Then they make some changes and see how the design affects the distance.
Kit Materials: Bag of legos, 3 pieces of cardboard & tape
- 9:35am Read Aloud - Tin Lizzie
Listen to a fun book comparing how people thought about cars when they were invented and how they have changed the world today.
- 1:30pm Dan Smith, Virtual Tour of Model A
Join old-fashioned car enthusiast, Dan Smith, as he takes us on a live tour of a 1929 Model-A Ford car. We will even go inside for a ride! Ask lots of questions or just sit in and listen.
