

Distance Camp: Bright Ideas

July 13 - 17, 2020

Wednesday

- 9:00am Welcome & Share
As kids arrive at the call, they can share the results of the car experiments and other things they did the day before.
- 9:10am Introduction to Silent Films
The students will learn a brief history of film and watch a couple clips of early silent films.
- 9:15am Silent Film
Use your mask and make a prop. Perform your own silent film right on Zoom!
Kit Supplies: Felt mask, construction paper, pencil & scissors
- 9:35am Introduction to Slinkys
Learn how to use a Slinky and discover an experiment using Slinkys to do on your own.
Kit Supplies: Slinky
- 1:30pm The Great Influenza & Development of Antibiotics
Compare and contrast the Influenza pandemic in 1918 to the experience of living through Covid-19 today. Discover the impact that the development of antibiotics had in the 1940s.
