

# What is Your Magical Object?

Each founder of Hogwarts left behind a magical object, all of which became a Horcrux because of their meaning to each house. The houses at SBM Wizard School also need magical objects, and it is up to you and your fellow housemates to decide which one it is.

Today during the Zoom call, you saw some choices of possible objects for your house. Based on what you've learned about your house, what object do you think should represent your house and founder? Be ready to vote for your favorite object tomorrow during your house meeting. If you want, draw a picture of the object using the materials in your kit or what you have at home.
