

Distance Camp: Archaeology Adventure

MONDAY

10:00 Introduction & Ice Breaker

Campers will be introduced to the counselors and each other as well as what will be happening in camp for the week.

10:10 What is Archaeology?

Through images and a slideshow, campers will be introduced to what archaeology is.

10:30 Geology Activity

Campers will use a chocolate chip cookie to understand how rocks break down.

Kit Materials: Plastic bag containing chocolate chip cookies, toothpick, pipette & straw. Paper plate. Cup of water (not in kit).

10:40 Archaeology Specialties

Campers will learn all the different specialties in archaeology and how people from different science disciplines can contribute to archaeology.

10:50 What Materials Survive?

Campers will finish an experiment to help them understand what materials survive underground.

Kit Materials: Small plastic container containing dirt with an object taped to the top.

1:30 Live on Zoom: Archaeology Career Chat

Join Alix and Maisie as they answer the question “What is it really like to be an archaeologist” and explore what you can do to help you become a future archaeologist.
