

# Distance Camp: Archaeology Adventure

## **THURSDAY**

**10:00 Welcome and Share**

**10:10 Island Discovery - What Bones Can Tell Us**

Campers will simulate an excavation of a fictional island and discover how comparing sites can help archaeologists make interpretations.

**Kit Materials: Glass jar of dirt, spoon and paper plate**

**10:30 Introduction to Ceramics & Intro Ceramic Plate Activity**

Campers will explore the chronology of ceramics and learn about an art activity that can do.

**10:45 Seriation Games**

Campers will play a guessing game to see if they can put a variety of objects in chronological order.

**11:00 Classification**

Campers will learn more about what happens after an excavation as they get creative about how to categorize a variety of things.

**1:30 Live on Zoom: Myth Busters: Fact vs. Fiction**
